

Typeface designed adapted for people  
with specific learning disabilities

STUDENT

## Description

OpenDyslexic is a typeface/font designed to mitigate some of the common reading errors caused by learning disabilities, especially dyslexia.

# Open- Dyslexic

Price: Free

The newest version of OpenDyslexic now uses the SIL-OFL license, giving you freedom to use it for personal use, business use, education ...

This resource can be helpful for:

- learning disabilities (reading difficulties).

Accessibility grade

- Improve reading/decoding/reading fluency.
- Facilitate the understanding of the written word.

## Practical use

- Change the font with Opendyslexic of the documents received by the teacher to work.
- Improve your reading fluency by using the font with OpenDyslexic.

# HOW TO USE?

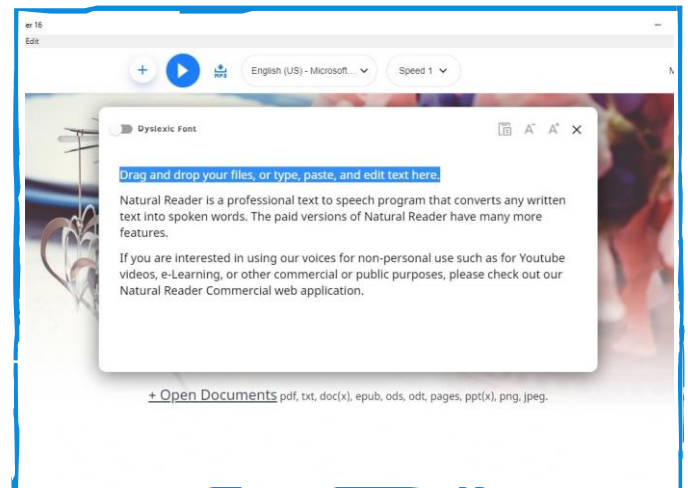

STUDENT

Download the free font and use it on different media (word, website...)

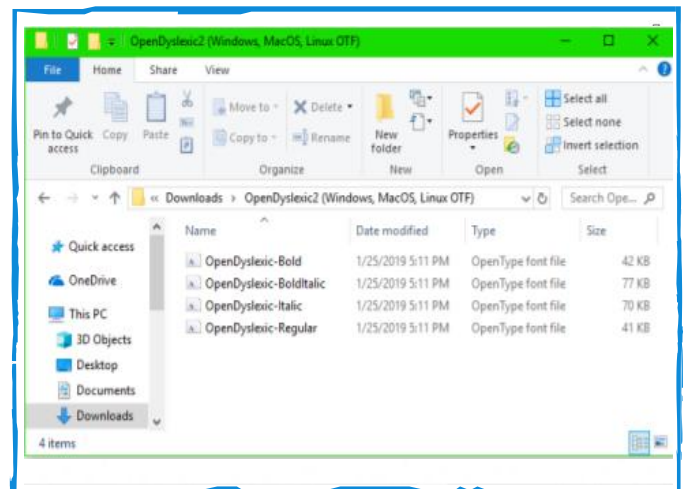

## Step 1.

- Go to <https://www.opendyslexic.org/>
- Click the "Download Free" button.

## Step 2.

It should open the folder containing the fonts. If it does not open automatically, just go to your downloads folder and find the OpenDyslexic2 folder. Click on each of the 4 fonts and press the "download" button.

## Step 3.

Open your WORD application. In the list of fonts, you will now find the Opendyslexic font!
