

Contenuto

While accessible print layout is essential for some more vulnerable users, it is also useful for everyone, regardless of their literacy skills. Thus, it is no longer a matter of increasing the number of materials for each population with particular difficulties, but rather of seeking to develop accessible content from the outset to better communicate with all.

Presentazione

There are software (dysvocal, ...) programs that allow you to quickly adapt page layouts thanks to various functions:

- choice of adapted fonts (verdena, arial, opendyslexic...); spacing between lines and words; possibility of representing a syllabic division ...

Software that offers these layout possibilities can save the teacher time in providing accessible content.

In the context of online courses, the student can use this software to copy and paste text, exercise sheets, etc., into the software to adapt the layout to his or her needs.

SPAZIATURA TRA RIGHE E PAROLE

Per facilitare la lettura e quindi la comprensione della scrittura, è importante per alcuni studenti essere in grado di aumentare lo spazio tra le parole così come lo spazio tra le righe

Reading is important everyday

DIVISIONE SILLABICA

La divisione sillabica può aiutare i giovani a leggere più fluentemente aiutandoli a decifrare (sillabe, lettere mute, ecc.).

IDEE ALTERNARE LINEE COLORATE

Per non perdere il filo della lettura, a volte è utile poter evidenziare ogni due righe di un testo.

My mom is the best cook, she cooks good pies. I love to eat them with my friends.

UTILIZZARE COLORI ADATTIVI

Choose high contrast to ensure maximum readability.

A contrast value of at least 70 between the characters and the background is recommended.

EVIDENZIARE FONEMI E SUONI COMPLESSI

Per facilitare la lettura, può essere interessante proporre un'impaginazione con un'evidenziazione di certi suoni complessi.

COLOURED BACKGROUND

Per alcuni studenti, è più facile avere uno sfondo colorato (semplice). Tuttavia, ricorda sempre di usare un colore di scrittura ad alto contrasto.

My Wonderful Family

I live in a house near the mountains. I have two brothers and one sister, and I was born last. My father teaches mathematics, and my mother is a nurse at a big hospital. My brothers are very smart and work hard in school. My sister is a nervous girl, but she is very kind. My grandmother also lives with us. She came from Italy when I was two years old. She has grown old, but she is still very strong. She cooks the best food!

My family is very important to me. We do lots of things together. My brothers and I like to go on long walks in the mountains. My sister likes to cook with my grandmother. On the weekends we all play board games together. We laugh and always have a good time. I love my family very much.
