## Adaptation of Lexic exercises

### Lexic basics

**What are some issues that make learning vocabulary difficult for learners with specific needs?**

- ...
- ...
- ...

**How can you use visual tools to help with vocabulary?**

- 1.
- 2.

### Explicit Instruction - Remember:

- Use common vocabulary
- Use the passive voice for instructions
- Use a suitable font (Verdana, arial, 14)
- Explain and read aloud the instructions
- Split the instructions: one action verb per sentence
- Number instructions
- Organise instructions in a logical order
- Illustrate action verbs
- Highlight/bold instructions

### Explicit instructions - Identify the issues with the following instructions:

Identify the issues with the following instructions and highlight the different parts of the instructions, while making sure that the number of verbs is specified somewhere in the document.

Issues:

.....

*Differentiate the complexities and intricacies of each and every issue with the subsequent instructions and bring forth in a visual manner the array of different parts of the instructions, while making sure that the number of verbs is specified somewhere in the document.*

Issues:

- .....
1. Justify why the instructions are unclear
  2. Before that, make sure that the different parts of instructions have been highlighted.
  3. Your name should have been written in the top corner of the page.

Issues:
